Monongahela serves a variety of purposes. First and foremost is the purpose of a greater self-knowledge for all involved. Secondly, Monongahela Campus exists so that each student can learn more about and understand the world he is living in, and, finally, to prepare each one to lead balanced, satisfactory lives. These purposes are directed at five intersecting spheres: faculty, students, voc-tech, activities, and athletics — which interact to accomplish desired purposes.

Students learn about themselves from the activities in which they participate and enjoy. Some find their ability lies in athletics and this becomes a part of them. Both students and faculty can become more aware of real interests through mini-courses or various academic subjects. The activities, both inside school and out, are important in teaching students more about themselves.

The new courses in psychology and sociology help each one to understand more of the world he lives in, as all the history courses traditionally have attempted, but it is also obvious that academic subjects, such as home economics or English, offer benefits to students attempting to learn more about the world. Even the friendships formed during high school and the knowledge gained from them about people are important, for in learning how to relate to people, students learn more about their world.

As the Class of 1973 goes on to further their education or to get a job, they realize the final purpose of this school. Voc-tech and the business courses have done as much for our student body as have the academic course. Everyone has had individual goals which can only be reached through the intersecting spheres of our educational system. It is with this knowledge that we realize . . .

ALL IS PART OF BEING.

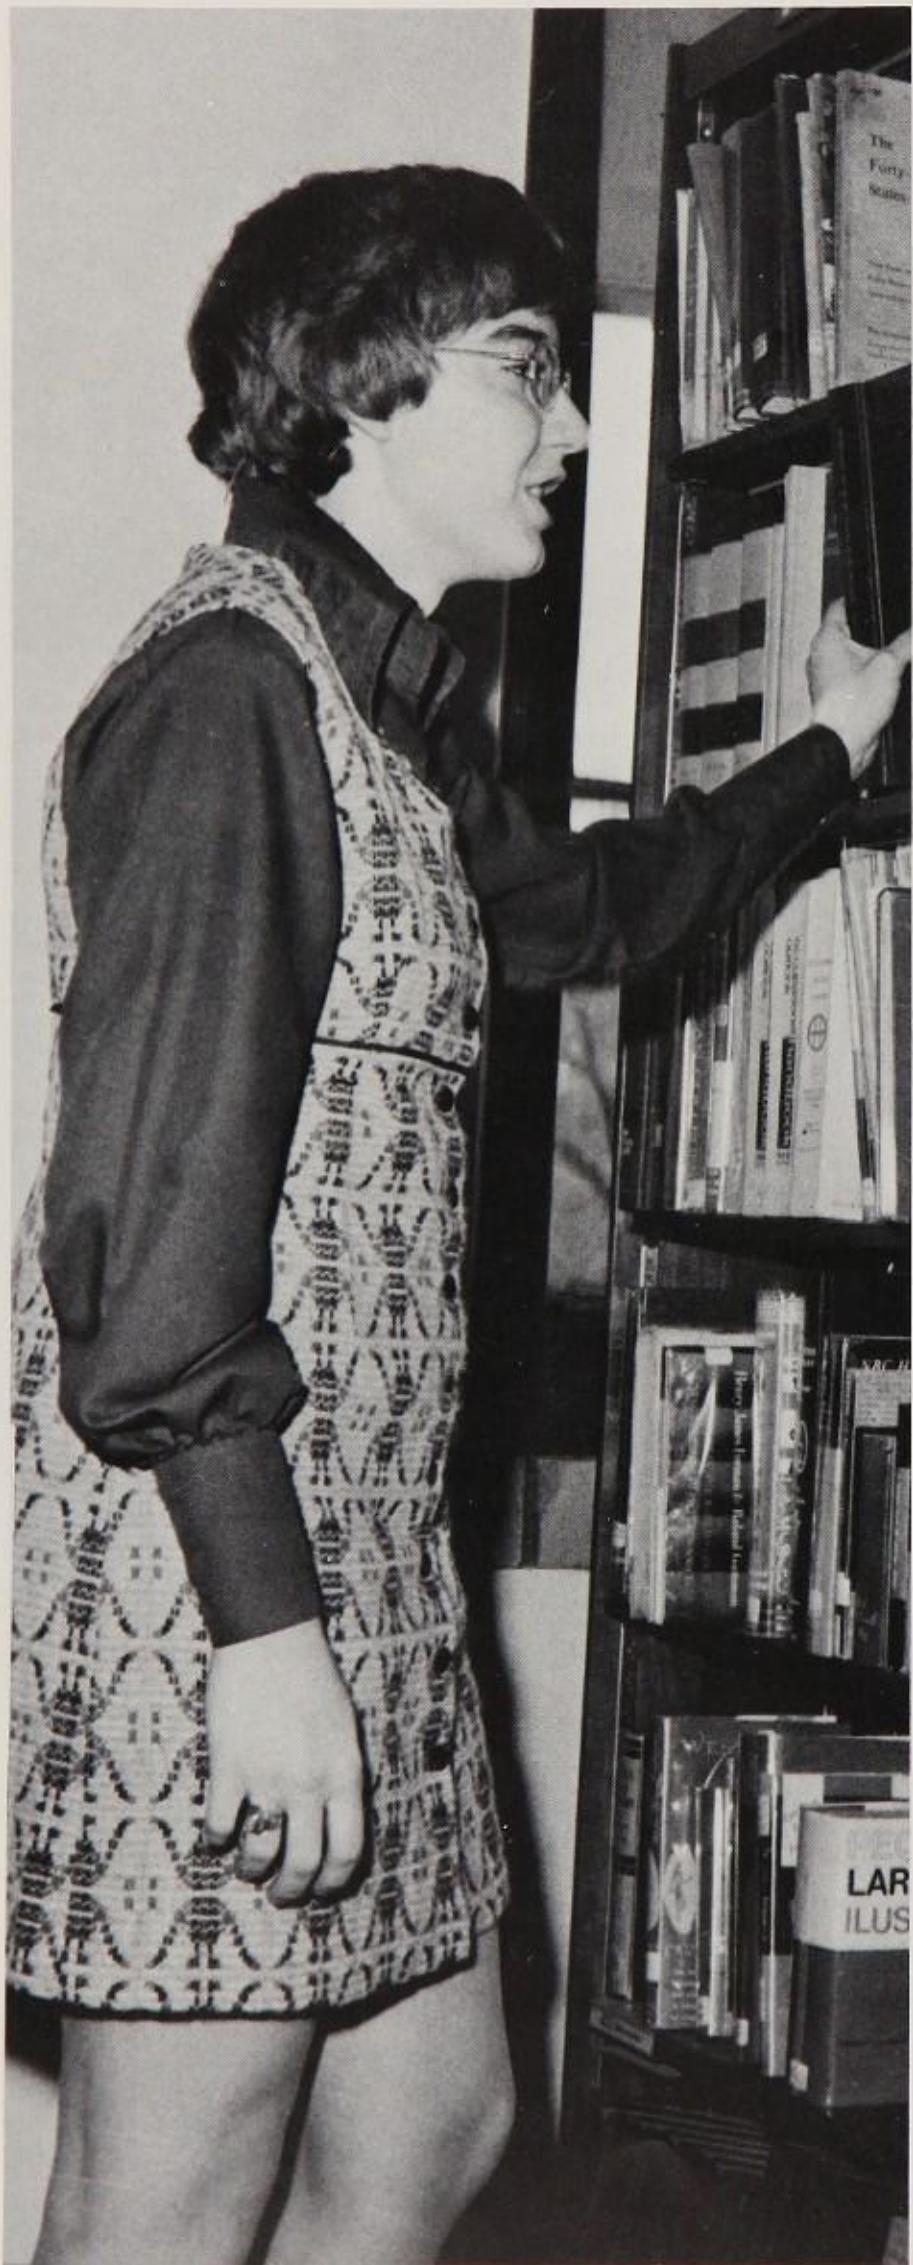

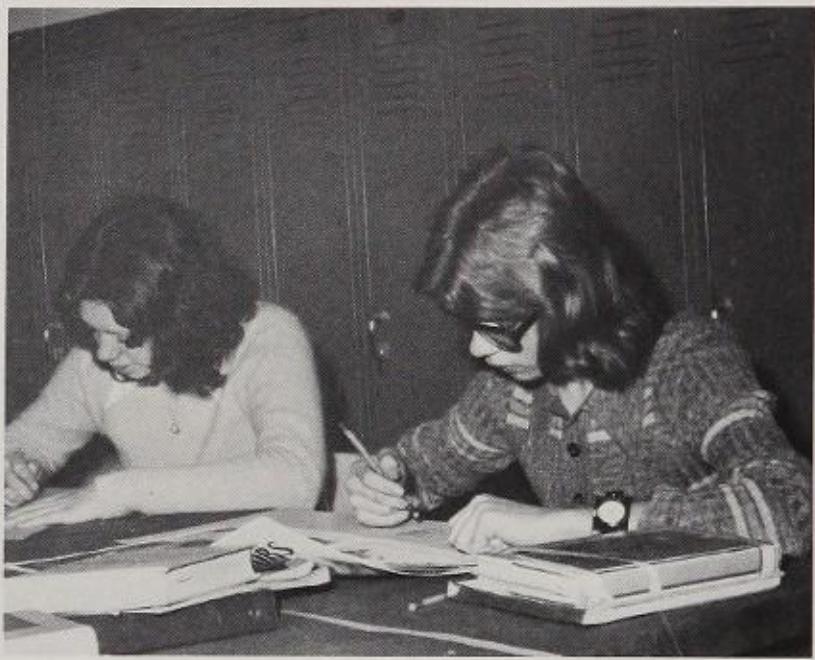

ALL IS CONCENTRATED
IN A LIFE INTENSE,
WHERE NOT A BEAM,
NOR AIR, NOR A LEAF
IS LOST,
BUT HATH A PART

NATIONAL HONOR SOCIETY

The purpose of the National Honor Society is to create an enthusiasm for scholarship, to stimulate a desire for service, to promote worthy leadership and to encourage the development of strong character in students.

This year at Ringgold High School-Monongahela Campus, the members of the National Honor Society have been extremely active. During the month of December, a Toy Drive was conducted to collect toys for the children of the area. Throughout the year, tapes were assembled for the purpose of taping readings for the blind.

In keeping with tradition, the Induction ceremony for new members took place in the school auditorium in late February.

This year Ringgold achieved its first winning season in football history. We finished with a four-three-two record, placing fourth in sectional play. The season had its ups and downs and was rewarding although frustrating. After the disaster in the opening game against Elizabeth-Forward, the team matured. The next game proved this as Monessen was tied 34-34. This was the highlight of the season and proved to everyone that Ringgold had a football team. Ringgold also placed, on the All Big 10 All-Star Team, Chuck Smith, Paul Timko, and Joe DeBranski.

The Soccer season was disappointing for the Rams this year, only winning four games. All of the games were close until the fourth quarter where we lost most of our games. The team played hard, but had a few bad breaks. The naming of Bob Harris to the WPIAL All Star Soccer Team was the greatest highlight of the season.

CROSS COUNTRY '72

The Cross-Country season this year was tremendously successful. We were 7 and 1 in the dual meets and finished in first place in the Uniontown Invitational Tournament. The entire team put a lot of hard work into the season making it a very gratifying and victorious one. The one standout on the team is Melvin Boyd. During the season he won the West Virginia Invitational, the WPIAL Qualifier and the PIAA state championship. He is only a junior and the best cross-country runner in the entire state.

The school district as well as the team is fortunate to have Melvin as a member.

Coach Poad checks the results of the meet.

Melvin Boyd paces himself as he sets a new record at Mingo Park.

Running hard, Dennis D'Amico finishes high enough to provide a victory for the Rams.

Melvin's early lead over the others is never lost.

The Rams' basketball team finished with a very successful season. They had a perfect exhibition season which was capped off by the winning of the Farrell Tournament. During the regular section play we lost one game to Belle Vernon. This placed us in a tie for the Section 4 title. The Rams played well as a team this year overpowering most of their opponents. The Rams entered into post-season play on February 24, 1973, winning the W.P.I.A.L. and placing third in the P.I.A.A.

GIRLS' BASKETBALL '73

The 1973 season was the second year for organized girls' basketball at Ringgold. The inexperienced team began slowly, failing to win any games in the first half of the season. They began the second half winning over the first place team, Frazier, and continued to win and play good basketball throughout the remainder of the season.

Anita Ziembka, co-captain of the team, is announced before the Frazier game.

Ringgold's 1971 track season was a very mediocre one. The Team as a whole was not impressive, but several members stood out. The two mile relay team placed third in the WPIAL finals. Melvin Boyd placed second in the State finals in the two mile run. Both Melvin and the relay team will be back next year to improve their marks.

UNDERCLASS

SOPHOMORES

Reflecting on this school year, we have seen the sophomores emerge from small divergent groups to a unified class. We have seen leaders emerge and take the responsibility of their positions. Sophomores sold candy to help finance the 1974 prom. Class ring purchases by the sophomores help convince them that they are really a part of the high school and can truly look forward to two more years of worth-while activity.

JUNIORS

The Junior Class has been active throughout the year. They have functioned well as a whole from the first few weeks: they tried to out shout the seniors at Pep Assemblies; they sold "hard" throughout the Magazine Sales. They met their greatest challenge in presenting the prom. The Juniors have achieved recognition in many areas, such as the National Merit Test, the National Honor Society membership, capturing various athletic awards, and setting records.

Now that they are faced with the excitement and challenge of their senior year, we hope they will continue as successfully as they have in the past.

AND GOD HATH SPREAD THE EARTH
AS A CARPET FOR YOU
THAT YE MAY WALK THEREIN
THROUGH SPACIOUS PATHS

LET US GO THEN
YOU AND I.

As the school year comes to a close for the sophomores and juniors, so too does high school come to an end for the seniors. Graduation is the time of mixed emotions, a time for remembering old friendships and experiences and also a time for contemplating new ones that the future promises.

Our high school career has hopefully brought us a better self-knowledge and understanding, a

better comprehension of our society and its functions, and the means to either make a living or enable us to further our education.

Our high school experiences have been a major factor in shaping our personalities, attitudes, and goals, and we shall carry the knowledge we have gained with us to meet whatever challenges the future presents.

I'd like to go a cool day
I would like to have one of these
days. Party with one now and
you'll go a long way
